"KING OF BLIND TIGERS" HARD HIT

COURT TAKES UP PADGETT-SKID- MORE MURDER CASE—TES- TIMONY IN PROGRESS

"Blind tiger" operators in Lincoln are getting "theirs" good and strong at the present term of circuit court. Commonwealth's Attorney Charles A. Hardin is going after them vigorously and says that there is going to be no let-up until all learn that they cannot violate the law and go unwhipped of justice.

Will Lee, colored, of this city, sometimes called the "King of Blind Tigers," was given a \$40 fine and 100 days in jail for selling a pint of whiskey. Dan Johnson caught a similar penalty and King Pelman was given a \$60 fine and 10 days in jail.

Cleve and Crit Floyd of the Waynesburg section, were fined \$100 each for malicious shooting and wounding Frank Hubble, a local colored boy, was acquitted on a charge of detaining a colored girl.

The trial of H. H. Padgett for the killing of Green Skidmore in the south end of the county was taken up Monday. Some trouble was had in securing a jury, but the panel was finally compiled with following representative citizens: Tim Hutchison, I. L. Phillips, J. L. Beazley, W. B. Hubble, J. S. McKittick, T. J. Dehann, Ell Saylor, E. J. Tanner, W. I. Warner, Winfrey Withers, J. L. Totten and W. S. Weaver.

Attorneys T. J. Hill, Jr., P. M. McRoberts and George Stone are representing Padgett.

After the opening statements had been made Mrs. John Moser was the first witness called by the prosecutor. She testified that Padgett hit Skidmore with a large stick, while the latter's back was turned. Mrs. Moser was still on the stand when the J. J. closed its report.

BOY SHOT HIMSELF.

Willie the 15 year old son of Mr. Crutcher a tobacco grower on the farm of Maj. Isaac Shelby, near Shelby City, while trying to dislodge a ground-hog on the back of the farm Wednesday afternoon, in the careless handling of a big revolver accidentally shot himself in the leg, the ball of 38 caliber entered the leg just below the knee ranging downward and was removed from side of foot. While the wound is a very painful one the probabilities are that he will recover with good use of the leg and ankle provided blood poison does not set in.

CLOUDBURST DOES DAMAGE IN WEST END

SEVERE RAIN STORM PLAYED HAVOC AROUND HUSTONVILLE LAST FRIDAY NIGHT

The West End of Lincoln suffered severely from a miniature cloudburst last Friday night. Much damage was done to farmers in the Hustonville section.

James Wright, who owns a store on Carpenter's Creek near Hustonville, with his clerk William Stagg, had a close call on their lives. They were asleep in the store and had not heard the rain. In fact it had not rained so hard in their immediate locality as it did further up the stream. They were not awakened until the store building was moved from the foundation by the flood. They got up quickly and were dumbfounded to find themselves floating about with the water bursting through the floor. In their excitement they jumped out of the door and struck water up to their necks. Both having had experience at swimming they succeeded in reaching higher land after much difficulty. The store and contents lodged in a nearby corn field.

The residence of McKee Riffe which is located near the stream was greatly damaged. The water came down so quickly that the chairs were soon floating about in the rooms and the bedsteads were swimming like ducks. Practically all the furniture was ruined and the residence was much damaged. The family fled during the storm to the home of a neighbor on higher ground.

James Allen of the Kidd's Store section, was probably the largest loser in the Hustonville neighborhood. His crop of 65 acres of corn on low land was almost totally washed away. The corn and tobacco crops of John Allen in the outskirts of Hustonville suffered a damage amounting to at least \$200 it is estimate this morning.

Many chickens and pigs were drowned all along the course of the Rollins Fork and the tributary streams. There is no end to the feeling that was washed away. W. D. Speed at Hustonville lost all of his chickens and a large number of small pigs. Water got in Barney Lays' store and at Kidds and much damage was done. The building was lifted from the foundation.

Fine Tobacco

COL. FARRIS BREAKS BIG LEAF- HARNEY'S NICE PATCH.

Col. D. K. Farris, of Crab Orchard, broke off a tobacco leaf, while weeding his little patch of 7 acres the other day. It looked so good that he took it to town and measured it. The leaf was 36 1-2 inches long and 17 1-4 inches wide and in texture almost as fine as silk. He says he has lots more just as fine.

Capt. Fox Dunderar, the popular engineer, says that the finest piece of tobacco along the L. & N. between Corbin and Louisville, is being grown by W. A. Harney a few miles out on the Knob Lick pike. It is well advanced and in fine shape.

Lincoln county's acreage this year may not be greatly increased on account of the wet weather, but the tobacco that is grown promises to be of very good quality.

Lost a Tooth

IN LAUDABLE EFFORT TO GET AWAY FROM THE BOYS EARLY

Some of the "boys" in the Isle's Well section had a good time Wednesday night. They were having such a good time that when Marcus Troxel got up and said it was time for him to go home, all objected to losing his good company. Seeing that Marcus persisted in his intention of leaving, notwithstanding their pleasant remonstrances, they "playfully" laid hold of him and endeavored to detain him in their midst.

When Troxel finally did get home he had lost a tooth in the friendly scuffle and was compelled to consult a physician and have other various and Sunday bruises attended to.

E. W. WHITE WRITES INTEREST- INGLY OF WASHINGTON

Tekoa, Washington July 20

To the readers of the I. J.:
Having promised a number of my friends to write them a description of this country, in order to save stamps, will, provided provided Lincoln county's stand-by will publish same, try and tell my readers something of the State which is named after the father of our country.

As he was a noble man, so is this State, abounding in wealth derived from agriculture, stock raising, minerals, timber, fruit growing and most anything one could wish for. Besides this, it has three of the growing cities of the United States, Tacoma, Spokane and Seattle. With navigable streams its lands are rapidly being laid with steel by varolus railroads. Besides, the empire laterurban system extends out from Spokane for miles into the surrounding country. Spokane is the most rapidly growing city that I have ever been in. Its streets are crowded with prospectors from all parts.

This year it is claimed, is the worst crop year this country has had for years, but I cannot see that the farmers have any room to complain, while the spring wheat and oats are not so good, the fall wheat is fine and will yield from 30 to 40 bushels an acre.

On the 11th I drove out from Tekoa on the Couer d Alene reservation While the Indians have the best of the land, it is leased by their consent by the government for the term of three to five years to white men. The thousands of acres of timber and farm land that was allotted and thrown open for settlement is now being rapidly homesteaded for the fifteen hundred people that drew lucky numbers.

On July third I left Spokane over the Northern Pacific Railroad for Davenport, Washington, a beautiful little city of 2,500 people, which is located in the wheat of the Big Bend country. On arriving and after meeting the bride and groom, Mr. and Mrs. C. C. Leete, whom had shortly returned from Kentucky, who are happy married couple, I spent the night at the home Mr. and Mrs. J. T. Livingston, who are well pleased with the north west. During the evening I was told of a trip they had planned for the next day to Pough, a small town on the Columbia river. Early the next morning the two families, myself and the well provided lunch basket occupied the carriage and were off on our journey. Our good time on that July 4th will ever be remembered by me.

Wishing the I. J. members a happy and prosperous year, will ring off.

Very truly, E. W. White.

mer from the high waters. Crops of corn, tobacco and meadows were seriously damaged by the recent tide. At the risk of his life, Mr. P. F. Kennedy swam under a bridge to cut a wire fence and rescue a young mule.

Rev. F. D. Palmeter, pastor of the M. E. church, of this place, was in his pulpit for the last time Sunday. This is the last year he is permitted to stay here by conference. Our people have come to look on Br. Palmeter as a good kind Christian gentleman and every one is sorry to see him go.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by Penney's Drug Store.

Drake's Creek farmers have been suffering a great deal of loss this summer. (Continued in Adjoining Column.)

FOUNDLING BABE RETURNS TO MAKER

DESERTED WAIF TENDERLY CAR- ED FOR IN HOME OF ADOPT- TION, BUT LIFE WAS SHORT

Preachersville, Aug 1.
The angel of death has again invaded our community and taken one of its tenderest flowers. After a brief existence of four short months the spirit of little Oliver Moser Stout took its flight to the mansions on high to be with him who said: "Suffer little Children to Come unto Me and Forbid them Not." This little babe was seemingly in the best of health until last week when it was stricken by cholera infantum—that dread haue of infants years—and at midnight of last Thursday its last struggle ended and death was an exulting victor.

One night in March, in the "wee small hours" a market basket was left on Mr. J. O. Spratt's front porch, containing a handsome boy baby apparently three or four days old. The baby was well wrapped up and seemed to be drugged. Upon finding it next morning it was taken in and cared for by these kind people. The county authorities were notified immediately but they were slow to act in making any disposition for it. Meanwhile the babe was cared for from place to place and it seemed that no one was likely to befriend the little waif, by giving it a permanent home. Finally Mrs. Ona Naylor of this place, went to Rowland and got the little thing and carried it home where it had been ever since. She named it "Oliver" for a dead son and "Moses" because, like Moses the leader of Israel, he was found in a basket. Mrs. Naylor and family became very much attached to it at once, and now that it is dead their grief is hard to bear. The bereaved family has the sympathy of the entire community. While nothing is known of its parentage to any degree of certainty but it is believed to have been very highly connected. We have no doubt but that the best blood of Kentucky flowed in its veins and that had its parents been more human it would some day have been a respected, useful and honorable citizen, an ornament to our commonwealth. We mourn an untimely death of any one but we have the assurance that God knows best. We wish that its parents, who were so grossly inhuman or anyone connected with the rank injustice of forsaking it to the tender mercies of an unfriendly world could have been present at its burial and heard the cruel clods strike its coffin lid, while never a song broke the stillness of the evening air while never a word of prayer ascended to God's throne, without any word of dismission to close the burial service.

HOW TO CURE ECZEMA, PIMPLES AND DANDRUFF.

We desire to say that when we took the agency for Zemo we were convinced that it was a valuable remedy for Eczema, pimples and dandruff. Yet, we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency as Zemo has given splendid results wherever recommended. Our customers like Zemo, too, because it is a clean vegetable liquid for external use.
Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. does not soil the clothing or linen and can be used freely on infants. With every purchase, we give a booklet on skin diseases explaining in simple words how any person can be cured at home of any form of skin or remedy. G. L. Penny, Druggist.

Joseph Wendling, alleged murderer of little Alma Kellner, was caught in San Francisco by the police after Chief of Detectives Carney, of Louisville, had trailed him across the continent. Wendling stoutly denies his guilt and will be brought back for trial. The Louisville Post for weeks has been making sport of Carney's search for Wendling, and ridiculing his "wild goose chase." Since he caught the "goose," that paper should be manly enough to come out and frankly apologize to the clever sleuth. It owes it to him, and it will brand itself as no fair player if it doesn't do it.

John G. Carlisle, one of Kentucky's greatest statesmen in his day, died in New York Sunday night after a lengthy illness. As Speaker of the National House and Secretary of the Treasury under Cleveland, he was one of the most prominent figures in national politics for many years. He deserted the party of democracy in the hour of its need, however, and in later life lost all of the political prestige and influence which he had enjoyed so fully in his prime. For many years he had resided in New York, where he was regarded as one of the most eminent and able practitioners at its distinguished bar.

Senator McCreary attended the Lancaster fair Friday, and hundreds shook his hand and told him they were for him for governor. The war horse of Madison is feeling fine and and looks a winner, every inch of him.

"I Am Glad"

writes Mrs. Ethel Newlin, of Liberty Center, Ind., "that I began to take Cardui, for it has cured me, and I will never forget it. I cannot praise Cardui too highly for what it did for me.
